Summary

Product Designer with **2+ years** of experience, including part-time work and internships, contributing to 11 client and internal projects. Combines stakeholder research, complex workflow design and AI-assisted prototyping to deliver launched mobile apps, multi-role platforms and AI experiences.

Experience

Heizen (Gamma Opengig Work Pvt Ltd) | May 2025 - Oct 2026

Senior Product Designer | Remote

***Promoted in May 2026** after joining as Product Designer in May 2025.*

- **Research and adoption:** Centralized Google Forms, Excel and WhatsApp hiring workflows in **one actively used platform**. Interviewed stakeholders and designed round-wise pipelines, candidate tables with **contextual detail drawers**, assignments, interview feedback and AI-assisted candidate search.
- **Enterprise mobile design:** Enabled employees to track shipments and manage courier assignments **without a laptop** through **Shipway by Unicommerce**'s launched mobile app; prioritized essential tracking, returns, KYC and invoicing workflows.
- **Workflow simplification:** Made hidden ingredient-mapping options visible in **Compass Group**'s tool and replaced double-click interactions with a **single-step flow**, clarifying available actions; redesign launched.
- **Product ownership:** Led design for launched **Nutrio and Step Up** products. Owned Nutrio's subscription flows across customer, admin, kitchen and delivery-partner interfaces as the **sole designer**; structured Step Up's trainer, trainee and society management, bookings, payments and **society-ledger workflows**.
- **AI product experiences:** Redesigned **Gema**'s patient app and **Vela**'s task-management tool around AI assistants; **both products launched**. Created light and dark themes for Vela.
- **Platform consolidation:** Designed Super Fine's initial unified platform concept, bringing order, automation, operations, recipe and accounting workflows from **five separate tools** into one experience.
- **Engineering collaboration:** Used **AI-assisted prototypes** to redesign Red Sox's dashboard, chatbot and PDF creation/editing modules with developers; **changes implemented**.
- **Brand and website design:** Designed Heizen's website theme, hero and selected sections, integrating **Shark Tank India recognition**; created Nutrio's logo and packaging and Moss's initial live landing page.

Sneaco | Part-time | Oct 2024 - Mar 2025

Founding Product Designer | Jaipur

- **Interviewed hostel students and adults** about laundry routines, spending and service needs to inform a one-day laundry and ironing service.
- Defined the initial **visual language and reusable UI patterns**; collaborated with founders and developers on interactive prototypes and implementation-ready designs.

Urban Culture | May 2024 - Jul 2024

UI/UX Design Intern

- Refined admin-panel experiences with a focus on usability, information hierarchy and visual consistency.

POLO | Oct 2023 - Dec 2023

Product Design Intern

- Supported the Senior Product Designer with high-fidelity UI screens and interactive prototypes.
