PRODUCT DESIGNER

Product Designer focused on web and mobile products, enterprise workflows, dashboards, and design systems. Experienced in end-to-end design, from user flows and interaction design to high-fidelity UI, developer handoff, and implementation reviews. Uses AI-assisted tools to explore ideas and build interactive prototypes.

EDUCATION

Bachelor of Architecture (B.Arch) **2025**
Malaviya National Institute of Technology Jaipur (MNIT Jaipur) Jaipur, India

WORK EXPERIENCE

Senior Product Designer **May 2025 – Oct 2026**
Heizen (Gamma Opengig Work Pvt Ltd) Remote

- Led end-to-end product design across web and mobile products, translating complex business requirements into user flows, information architecture, high-fidelity UI, prototypes, and developer-ready designs.
- Redesigned navigation, information hierarchy, and decision points across procurement and logistics workflows to make complex tasks easier to follow.
- Built reusable components and standardized tables, forms, and status patterns to support consistent interfaces across products.
- Used AI-assisted tools to explore workflow edge cases and build interactive prototypes for design reviews and developer discussions.
- Collaborated closely with product managers, engineers, and stakeholders through design reviews, handoff, and implementation QA.

Founding Product Designer **Oct 2024 – Mar 2025**
Sneaco · Part-time Jaipur

- Defined core user flows, information architecture, wireframes, and high-fidelity interfaces as the startup's founding product designer.
- Established the initial visual language and reusable UI patterns to support consistent design across features.
- Collaborated directly with founders and developers to translate early product requirements into interactive prototypes and implementation-ready designs.

UI/UX Design Intern **May 2024 – Jul 2024**
Urban Culture

- Designed and refined admin-panel experiences with a focus on usability, information hierarchy, and visual consistency.

Product Design Intern **Oct 2023 – Dec 2023**
POLO

- Supported the Senior Product Designer in creating high-fidelity UI screens and interactive prototypes.

SKILLS

- **Product Design** | User Flows, Information Architecture, Wireframing, Interaction Design, UI Design, Responsive Design, Usability Testing, Design Systems, Developer Handoff
- **Tools** | Figma, FigJam, Framer, Adobe Illustrator, Adobe XD, Sketch
- **AI & Prototyping** | Claude, ChatGPT, Codex, Claude Code
- **Technical** | HTML/CSS fundamentals, AI-assisted code prototyping
