Product Designer focused on enterprise workflows, dashboards, and web and mobile products. Owns design from problem definition and user flows through high-fidelity UI, prototyping, developer **handoff and implementation reviews**. Brings experience in procurement and logistics, reusable design systems, client collaboration and AI-assisted prototyping.

Experience

Heizen (Gamma Opengig Work Pvt Ltd) | May 2025 - Oct 2026

Senior Product Designer | Remote

***Promoted in May 2026** after joining as Product Designer in May 2025.*

- Owned **end-to-end web and mobile product design**, translating business requirements into user flows, information architecture, high-fidelity UI and developer-ready designs.
- Simplified a client workflow by **reducing steps and clarifying information hierarchy**; refined the design through internal team testing to make tasks easier to follow.
- Built **reusable components** and standardized tables, forms and status patterns to support consistent experiences and clearer design handoff.
- Guided **client design reviews** with alternative solutions and explicit trade-offs; incorporated feedback to align design decisions with business needs.
- Used AI-assisted tools to explore **workflow edge cases** and build interactive prototypes for client reviews and engineering discussions.
- Partnered with developers through **handoff and implementation reviews** to resolve usability issues and maintain design intent.

Sneaco | Part-time | Oct 2024 - Mar 2025

Founding Product Designer | Jaipur

- **Interviewed hostel students and adults** about laundry routines, spending and service needs to inform a one-day laundry and ironing service.
- Defined the initial **visual language and reusable UI patterns**; collaborated with founders and developers on interactive prototypes and implementation-ready designs.

Urban Culture | May 2024 - Jul 2024

UI/UX Design Intern

- Refined admin-panel experiences with a focus on usability, information hierarchy and visual consistency.

POLO | Oct 2023 - Dec 2023
