PRODUCT DESIGNER

Product Designer focused on web and mobile products, enterprise workflows, dashboards, and design systems. Experienced in end-to-end design, from user flows and interaction design to high-fidelity UI, developer handoff, and implementation reviews. Uses AI-assisted tools to explore ideas and build interactive prototypes.

WORK EXPERIENCE

Heizen (Gamma Opengig Work Pvt Ltd) Remote

Senior Product Designer **May 2026 – Oct 2026**

Product Designer **May 2025 – Apr 2026**

- Led end-to-end product design across web and mobile products, translating complex business requirements into user flows, information architecture, high-fidelity UI, prototypes, and developer-ready designs.
- Redesigned navigation, information hierarchy, and decision points across procurement and logistics workflows to make complex tasks easier to follow.
- Built reusable components and standardized tables, forms, and status patterns to support consistent interfaces across products.
- Used AI-assisted tools to explore workflow edge cases and build interactive prototypes for design reviews and developer discussions.
- Presented alternative design solutions to clients, explained trade-offs, and gathered feedback to refine the preferred approach.

Founding Product Designer **Oct 2024 – Mar 2025**

Sneaco · Part-time Jaipur

- Interviewed hostel students and unmarried adults about their laundry routines, spending, and service needs to inform product design for a startup offering one-day laundry and ironing services.
- Established the initial visual language and reusable UI patterns to support consistent design across features.
- Collaborated directly with founders and developers to translate early product requirements into interactive prototypes and implementation-ready designs.

UI/UX Design Intern **May 2024 – Jul 2024**

Urban Culture

- Designed and refined admin-panel experiences with a focus on usability, information hierarchy, and visual consistency.

Product Design Intern **Oct 2023 – Dec 2023**

POLO

- Supported the Senior Product Designer in creating high-fidelity UI screens and interactive prototypes.
